HIGH SCHOOL PRINCIPAL NORMAN SHILEY 1978-1986

Mr. Shiley received his B.A. degree from Heidelberg College, his M.Ed. from Toledo University, and additional training from Bowling Green State University, the University of Akron, and Ohio University.

Mr. Shiley came to Crestline from Old Fort where he was an elementary principal. In Crestline, Norm was principal of the Southeast Elementary School from 1969 to 1973; principal of the Middle School from 1973 to 1978; and principal of the High School from 1978 to 1986.

Norm has been an active member of scouting for most of his life ranging from cubmaster to district committeeman for the Boy Scouts of America. He was a member of the Lions and past president of the Kiwanis. His devotion to family, school and community has set an example to be emulated by all who know him.

We hope your years of retirement will be happy and healthful for you and your family.

Happy Fishing,

The Class of 1987

#### Crestline takes 25-3 mark to state

#### 'Dogs match 1981 team's feat

By DAN CLUTTER
T-F Sports Writer
When discussing great major
league baseball teams of the past,
people cannot resist making comportions. The relative differences
and similarities of each of the teams
and the team of th

length.

It's fun for the average sports fan ned it's human nature as well.

Of course on a more local level, when one thinks of Crestline High School baseball, the 18th team (24-4) usually comes to mind. It was one of five Crestline teams that have played in regionals over the years, but it was the only team to play in the state bosehall tournament.

Dott! this year.

overyone's expectations. The Bull-dups (25-3) won the Mid-Ohio Con-ference title, as well as sectional, district and regional crowns.

Friday, the 'Dogs make their second appearance in the Class A state baseball tournament and will

state baseball tournament and will face Rockford Parkway (21-3) at 1 p.m. on the varsity diamond of the Ohio State University campus. And when one makes comparisees of the two Crestline teams, some surprising differences come out. "The 1981 team had more power than this team," Crestline coach Jim Glauer said. "In fact, Bret Sunsaermacher and Glen Rinchart had 22 honse runs between them. had 22 home runs between then

That team litt somewhere close to be homers.

"This team, though, may have hit 17 or 18 homer caus at the most. Chris Middleton leads the team with seven and Torn Finnegan has five. But they can't compare with that team."

Offense has been a problem for the current Buildogs. An a team, Crest-line is hitting. 294 and only five players have hit over .300 on the season. The 1981 squad hit around .346.

346.

"We don't strand a lot of runners," Glauer said. "We try to force the action. It's very important that Kevin (Garrett) and Tom (Finnegan) get on base."

Garrett, a sophomore, entered regional play with a .338 average and led the team with a .614 on base percentage and 11 stolen bases.

Finnegan entered the regionals with a .290 batting average and currently has 29 RBI. The opening regional game was a good indication of Finnegan's value to the team. He belted a double and a single, and knocked in five runs.

Other Crestline starters, and their averages are: third baseman Greg Taylor (.156), second baseman Greg Taylor (.156), second baseman Greg Taylor (.156), second baseman Greg Taylor (.150), indication plot Blaising (.238), and left fielder Bobert Mills (.210).

"We have a lot more learn speed."

do."

Another surprising difference is in the pitching. Both teams relied heavily on two front line pitchers. The 1981 squad had Rick Winbigler and Bret Simmermacher, while this year, the Buildogs' top guns are lefthander Scott Seasor and right-hander Kevia Kossick.

"I think in the front line pitching, there wasn't a lot of difference;" Glauer said. "I don't know about the quality of competition we played in the two years, but Seasor and Kossick have been just as good as Winbigler and Simmermacher."

Both pitchers have been brilliant. Scanor is currently 12-1 and entered regional play with a 1.95 ERA. Seasor was the winning pitcher in both regional glanes, going the route in a 12-3 win in the opener, then relieving Kotsuick in the fifth inning of the Buildogs' 5-4 win over Columbiana in the regional finals.

Kotsuick has never lost a game for the Buildogs'. He was unblemished last season and this season is 8-0 with a 1.12 ERA. The sleady right-horder doesn't throw as hard as Seasor, but given up a lot of ground buils.

But that's where the similarity ends. Creatline's 1901 team had little pitching behind the big two, but this squad has a lot of pitching.
"I have a lot more pitching depth this senson," Glauer said. "I won't be afraid to use Turn i Finnegani or Jim (Wyant) in the state tournament if we need a couple of outs here or there. They have both been steady.

"But we've also not significant contributions out of Greg Taylor and John Jeffrey on the mound," (Jauer added. "We've notes the hig pitches we've needed all season."

Another significant difference in the two teams is defense. The rurrent crop of Bulldogs plays much better defense. In fact, in 1981 Cresiline lost in the semifinals to Middle-town Fenwick, 6-3. In the game, all als russ were unearned.

town Fenwick, 6-3. In the game, all als russ were unearned.

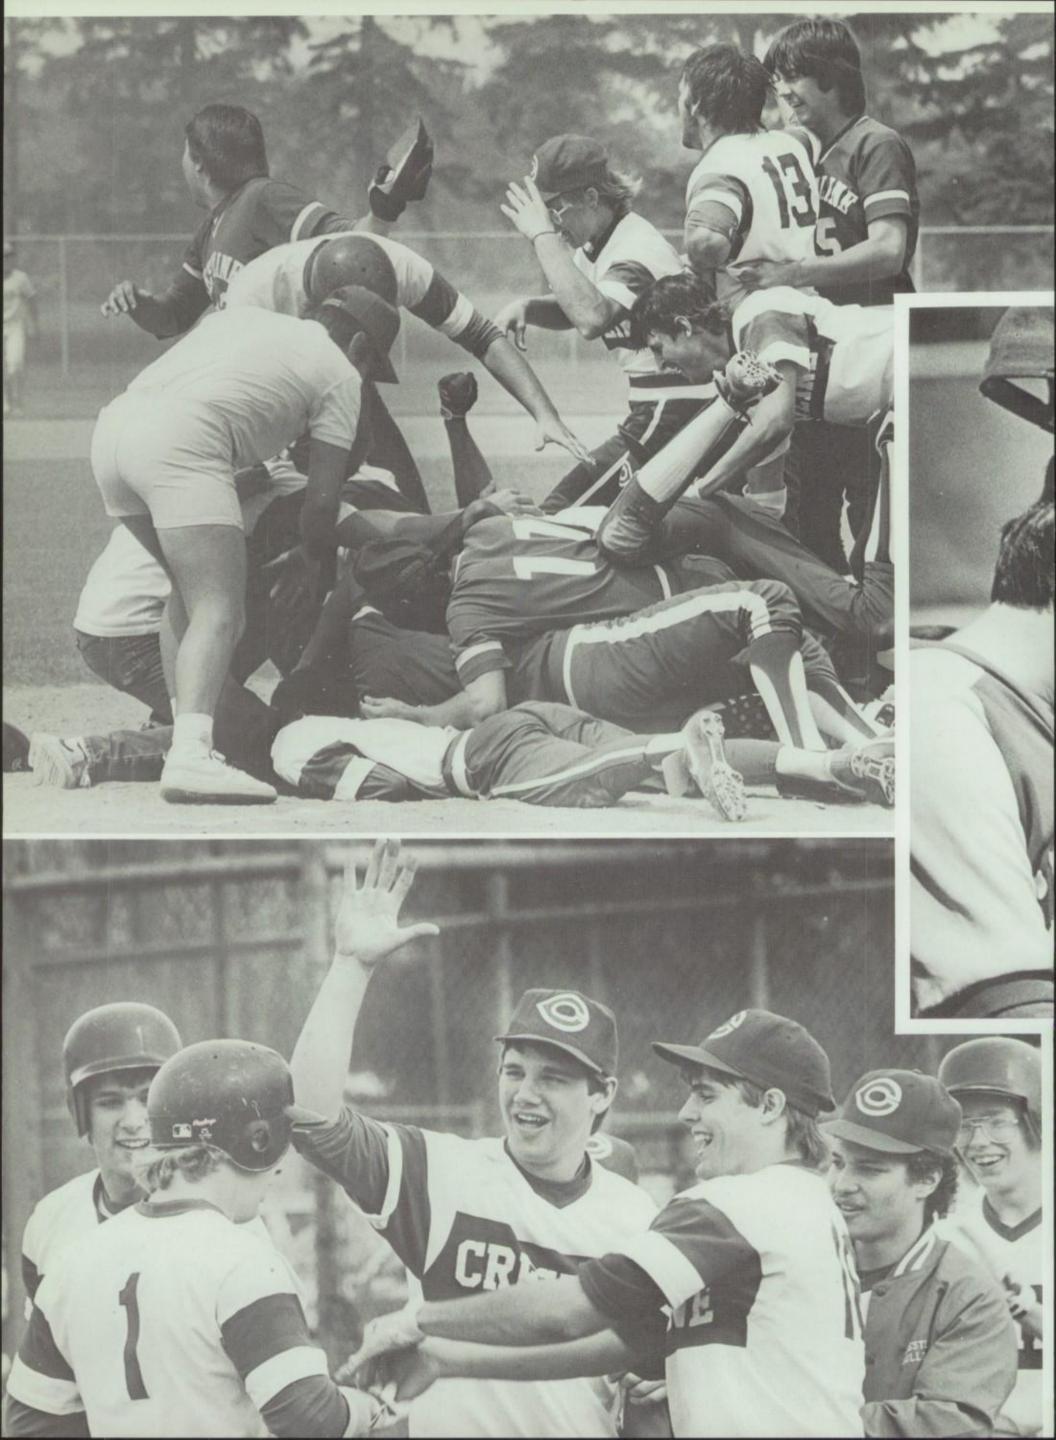

"Hopefully, we'll play better defense," Glauer said. "We made just one error against Columbiana and that was the first batter of the game. We'll have to play great defense if we are to best Packway.

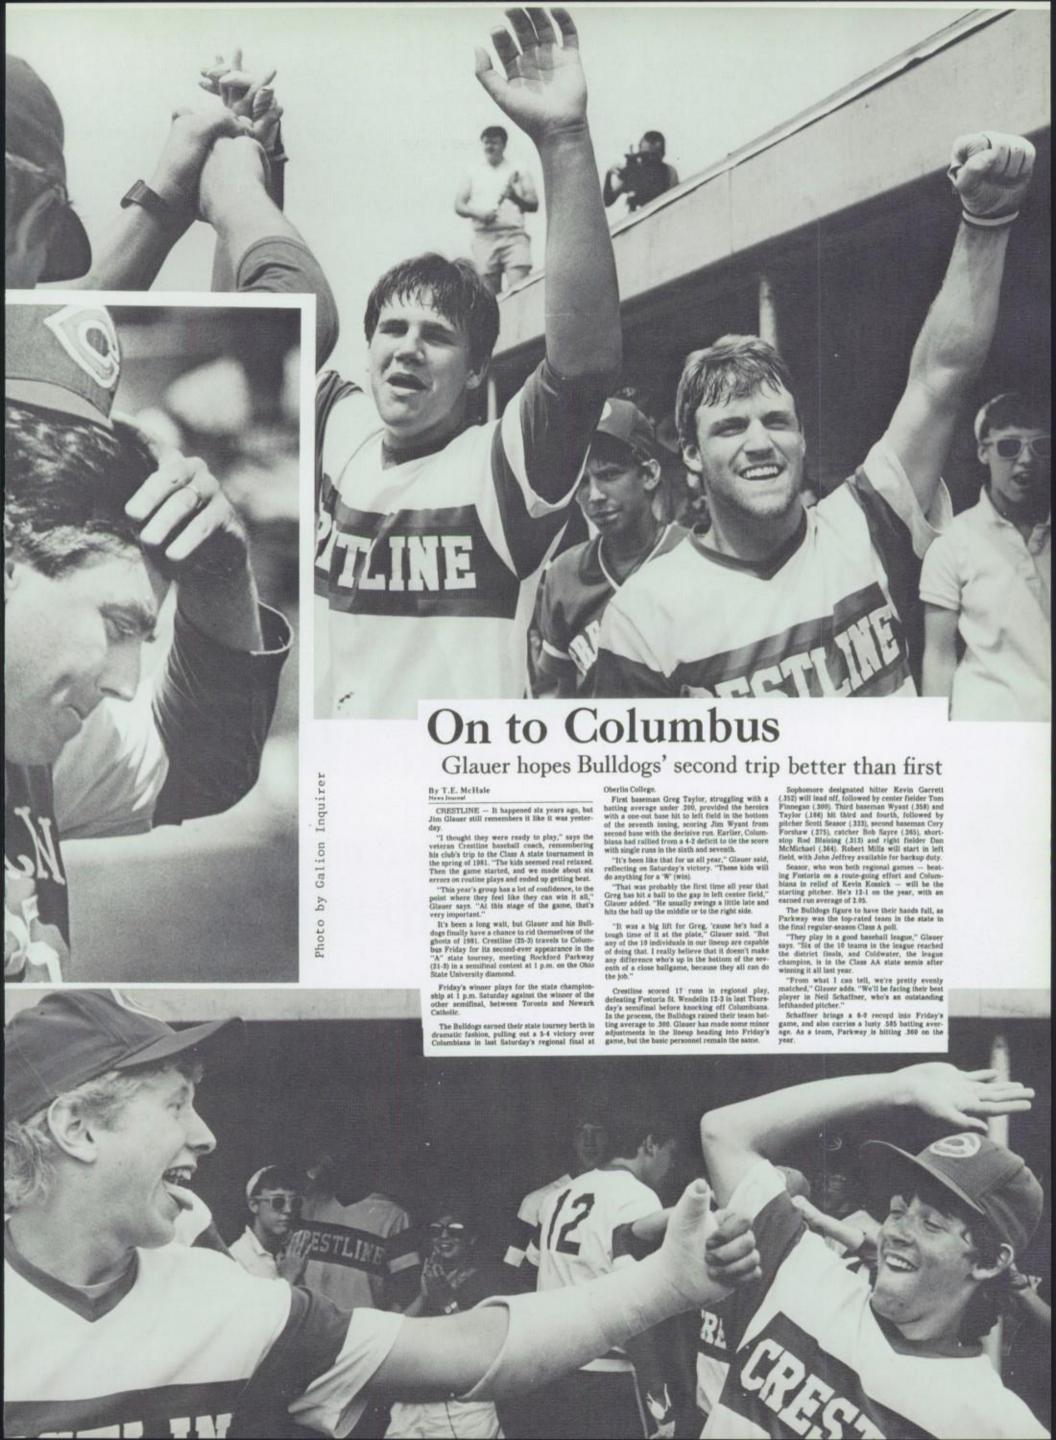

"We feel that this has really been a team effort," Glauer added. "We've had 12 players in the play-offs that have contributed. In fac-

offs that have contributed. In fact, all 12 players can play several

Another factor that may come into

Another factor that may come into play it coarbing experience. Glauser has guided the Bulldags for 14 seasons and feels that the second trip won't be as ardinous as the first. "I think that our first state appearance will bely quite a bit," Glauser added. "In 1961, that was our first bear and the first state appearance will bely quite a bit," Glauser added. "In 1961, that was our first season." first year and I wasn't quite used to that and really didn't know how to
